## SENATOR SMITH OF MICHIGAN STOPS IN ALBUQUERQUE

**Legislator Says He Will Be Sure to Be Here for Inaugural Ceremonies of First Governor.**

William Alden Smith, United States senator from Michigan, was in Albuquerque this morning for a few minutes on the California Limited, and talked interestingly of conditions here. Mr. Smith, who is a Republican, was chairman of the senate committee on territories, at the last session of Congress.

"I like New Mexico very much," Mr. Smith said, "and will surely be

here to attend your inaugural ceremonies. I have a very kindly feeling for the state, and that was heightened because I was sort of in on the induction ceremonies in Congress."

Mr. Smith was accompanied from Lamy down to Albuquerque by several Democratic politicians, and spent several minutes while here in good-humored joking them. He told G. N. Marston that he would certainly attend the inaugural ball to which Mr. Marston announced that as he was going to be the committee on invitations, he would see that Mr. Smith was invited.

## INDIAN OFFICIAL REPORTS ON FLOOD

H. F. Robinson, head of the Irrigation Department, turns out interesting document on San Juan inundation.

An interesting report on the damage done to the Indians and to the reclamation works of the service in the recent San Juan floods has been prepared by H. F. Robinson, head of the reclamation work for the Indians with headquarters here. The report tells of water which rose a foot in five minutes in a quarter of an hour, of flooded canals, and stone-walled washes away by the angry waters. The report states that all flood records were broken, and that the country around the Hogback irrigation canal was inundated for a distance of more than 1,000 feet. The big bridge at Shiprock was washed away, and the report abounds in dramatic and humorous incident.

## STROUP APPORTIONS \$100,000 BOND MONEY RECOVERED FROM BOARD OF COMMISSIONERS

City Schools of Albuquerque Receive \$3,468.90 As Result of Decision of Judge Ira A. Abbott In District Court.

THERE IS A VERDICT  
THERE IS A REASON

A. B. Stroup, superintendent of schools in Bernalillo county and Republican candidate for the office of state superintendent of schools, has apportioned the \$7,147.65 received the day before yesterday as the result of the decision rendered by Judge Ira A. Abbott in the district court, in a suit brought by the territory on behalf of the schools against the Board of County Commissioners of Bernalillo county.

Or the \$7,147.65 recovered from the commissioners under the terms of the decision of the court, the city schools of Albuquerque receive \$3,468.90. And this is not all the city schools will receive. They will receive a generous share of the eight thousand dollars additional which Judge Abbott held that the county commissioners must pay over to the school fund on top of the \$7,147.65 already turned over.

A. B. Stroup is the man who made the fight for the recovery of the money due the schools. He took the initiative in the matter of protecting the rights of the people and the children of the people. Thirty thousand four hundred and sixty-eight dollars and ninety cents is a tidy sum of money to be turned into the treasury of the city schools as indicated by the apportionment. The record of the counts is the best evidence. Court records are public documents. Investigate and decide for yourself the real facts in the case.

There is a verdict. The apportionment of the school funds as arranged by Mr. Stroup follows:

## Certificate of Apportionment of School Funds

1. Andrew B. Stroup, superintendent of schools for the county of Bernalillo, New Mexico, do hereby certify that I have this day, 24th of October, 1911, duly apportioned the school fund of said county. The amount of money to be apportioned is \$7,147.65 from the deficiency fund, and \$3674 from the general school fund. The total number of persons of school age is 365. The rate per person is \$.93, for the deficiency fund, and \$.46 for the general school fund, which is apportioned to the several districts, as below:
